on all orders received before March 30th  
Orders amounting to \$3 will receive,  
gratis, 50¢ worth of iris roots,  
our choice, labeled.

## *Landscape Department*

We have a regular landscape department for those who wish advice of plant experts and landscape architects in the planning of their home grounds. There is probably much in your garden that you wish to improve or change. Think what it will mean thru the coming years to have an outdoor living room—a beauty spot planned just for you; where you can work, or play, or entertain; a place to grow flowers and the plants you love.

Our service is especially designed to meet the requirements of small home owners, estates or farms. If you have some special problem to meet it will pay you to have a plan drawn by our landscape architects. You will receive a sketch drawn especially for your grounds—one that will mean individual beauty and harmony. Let us help you with your plans to realize new beauty from your grounds. You may call or write us—we are here to serve you.

### *Terms of Sale*

**QUALITY OF STOCK.** All our plants are field grown, inspected stock, under constant care and cultivation and when sent out are strong and well developed—much larger and worth a great deal more than pot grown plants and are of a size to give immediate results.

**GUARANTEE.** We guarantee all stock furnished by us to be first class, true to name and free from disease. However, there are so many causes of failure over which we have no control, that we assume no responsibility after stock is planted. Poor soil, unfavorable weather, ignorant or careless culture—all contribute to failure and are beyond our control. All orders are dug fresh from the field and are carefully packed. We do not carry any stock in storage. Every effort is exerted to give satisfaction to our customers.

**SHIPPING DIRECTIONS.** Please give explicit shipping directions, stating whether stock is wanted by express or Parcel Post. Small shipments can be sent by P. P.—insurance and postage to be paid by the purchaser. If wanted by P. P. add enough to your remittance to cover postage—any remaining surplus will be promptly returned to you.

**SUBSTITUTIONS.** We positively do not substitute unless requested to do so by the purchaser.

**TERMS OF PAYMENT.** CASH WITH ORDER. Make all remittances payable to

## PEONIES

Our descriptions are necessarily brief but we will be glad to give full information to all who ask for it. All plants are 3 to 6 eye divisions from 3 year old plants, which is the best size for satisfactory results. All plants are strong and healthy and true to name. The numerals preceeding varieties indicate the rating accorded by American Peony Society.
